

Addon Modules

<p>Blogs – Easily create an Online Journal. This is a great way to build credibility and keep people coming back to your website. Regular updating also helps with your Search ranking.</p>	\$220
<p>Announcements – Easily publish announcements and set automatic display and expiry dates. These might be new products, upcoming events or simply something you want to share with visitors. A great way to keep your site looking current.</p>	\$110
<p>Forums – Build your own online community. This allows visitors to post questions etc and other visitors (including yourself) to respond. Great if your Product or Service generates a passionate following (eg. Sports, Hobbies etc).</p>	\$220
<p>Photo Galleries – Create and display galleries in minutes. If you have a visual product or organise regular events, this is ideal for you. Simply upload your images and they will display automatically in a Gallery Format.</p>	\$110
<p>Secure Zones – Set up Member/Client only areas on your site. This can cover many aspects of your site, from Client Only Content to giving your customers the ability to see their prices on your online store or view their previous sales with you and change their contact details.</p>	\$550
<p>Ad Rotators – Publish your latest offers etc and keep your website dynamic. Every visit means a different look with different offers. You can even link each Ad to a different webpage and track conversion.</p>	\$275
<p>Bookings – If you have regular Events/Workshops, then this is for you. Automate bookings to these events; from registering, payments and even reminder emails.</p>	\$220
<p>Web Apps – A powerful programming tool that you don't need to know programming to use. Allows you to display content (eg. Products/Services) and make it searchable by any field. Unlimited applications.</p>	\$660-1100
<p>Copywriting – If you are time poor, or simply don't know where to start, let our Marketing Consultant write the website content for you. Or maybe you just want to use someone with expertise in converting potential customers.</p>	\$550-1100
<p>Flash Player – If you want to show videos on your website, then this is for you. Simply record your video and we can convert it to Flash and upload it with a professional looking player (includes Player licence fee).</p>	\$165
<p>Social Media Integration – Market your website using the latest Online Marketing Channels. This includes Twitter, You-Tube, Facebook and various Bookmarking Sites (eg. Digg, Bebo, StumbleUpon etc)</p>	\$220
